**ON THE APPLICATION FOR
JUDICIAL REVIEW**

DATE FILED: 05/02/2022

ON THE APPLICATION FOR JUDICIAL REVIEW

On May 1st, 2022, mpglasses submitted an application for judicial review due to the appointment of a tourist to be a city councilman by the Mayor. Under rule 2.16 of the Rules for Application, the City Attorney must consent to such application. I consent to such application for the following reasons;

The City Charter states “Every elector is qualified for candidacy in an election administered by the city and membership in a public body unless the elector,” it is the belief of the City Attorney’s Office that the statement “membership in a public body” is the determining factor. We believe this applies to those appointed to fill vacancy, because they must be eligible to hold membership in public body.

a. It is our belief that a public body would mean the City Council in this case.

The only other factor in determining if he is eligible is was he a valid elector? We would argue not. He was ranked as a Tourist, and thus did not meet this requirement. The City Charter states “All residents shall be electors.”

For the above reasons, I consent to the application submitted by mpglasses to this court.
